COLLECTORS. AUTUMN 2025

From the rolling hills of Kentucky to the wide-open skies of Texas, this straight bourbon whiskey unites two proud American distilling traditions. Our Kentucky bourbon contributes time-honored finesse—floral, mellow, and deepened by extra aging in the Texas heat, a process we call Texification. Our bold, pot-distilled Texas whiskey adds intensity and spice. Proofed with limestone-filtered water from the Edwards Plateau—renowned for its purity and natural filtration—this blend delivers a versatile bourbon with balance and undeniable spirit. Both classic and unexpected, it was crafted by the award-winning Milam & Greene team in response to a new generation of whiskey drinkers seeking flavor, mixability, ease, and authenticity.

BARREL AGED IN TEXAS + KENTUCKY
ISC COOPER SELECT

SWEET MASH | PROPRIETARY YEAST

70% Corn | 22% Malted Rye | 8% Malted Barley

PALATE

Rich caramel, toasted vanilla and sweetness open the palate, followed by waves of dark cherry, sweet cornbread, and a hint of cinnamon. The team balances the heat by offering this at 80 proof for those looking for an easy-sipper. Notes of cinnamon bark and leather layer onto the mid-palate, delivered with a supple mouthfeel.

AROMA

Warm and inviting, with aromas of honey-drizzled oak, roasted peanuts, orange zest, and baking spices. Subtle undercurrents of maple sugar, and dried tobacco emerge with time in the glass.

FINISH

Expressive but easy—perfect for a late afternoon. A slow fade of charred oak and burnt sugar gives way to a lingering hint of cracked pepper, dark cocoa, and worn leather—leaving a dry, satisfying echo.
