MILAM & GREENE SINGLE BARREL STRAIGHT BOURBON WHISKEY

Each barrel is evaluated and hand-selected from Milam & Greene's finest whiskey barrels before bottling with the discerning whiskey drinker in mind. Our whiskey team looks for whiskeys that demonstrate elegance and personality, as no two casks are exactly the same. Every year, they select single barrels that include gems found around the United States in addition to their own grain-to-glass casks. Each barrel yields approximately 280 bottles and the cask number, proof and alcohol by volume is hand-written on each label. This year's lot comes from Tennessee and has already won numerous double gold medals in international competitions.

TASTING NOTES

Color: Dark honey

Nose: Almonds, cherries and vanillas, with hints of maple syrup and dark chocolate

Palate: Creamy and rich

Finish: Long and lingering, as a single barrel should be

DRINK SUGGESTIONS

You should always savor this delicious whiskey the way you want to, whether it be straight, on the rocks, in a delicious cocktail or as a "Simple Serve".

THE MILAM & GREENE "SIMPLE SERVE"

You can enhance the perfect pour of Milam & Greene by influencing the aromatics that can be found within the whiskey. After you pour yourself a glass, simply zest or squeeze a grapefruit peel into the glass, then drop it in. You can then play with water and/or ice to personalize our whiskey to your palate and enjoy your "Simple Serve."
